

VERTICAL SERIES

VERTICAL SERIES WITH STRAIGHT AND FRONT BASE

Material: Galvanized steel
Riveted pivots: Galvanized steel
Supporting bushes: Hardened and ground steel
Handles: Red polyurethane resistant to oils, grease and other chemical agents.
Performance: Form AVF with open clamping lever and two flanged washers. Form EVF with full clamping lever and bolt retainers to be welded in the desired position and angle.
Spindles: To be ordered separately (see Accessories on page 76).
Features and applications: During the closing, the clamping lever is guided laterally to ensure greater stability against possible transverse stresses. A special grease is placed between two contacting surfaces during assembly. This pneumatic actuated series is found on page 71.

FORM AVF

FORM EVF
