

LATCH SERIES

DOUBLE ROD SERIES (LIGHT PERFORMANCE)

Material: Galvanized steel
Riveted pivots and rod: Galvanized steel

Swinging pivot: Galvanized steel
Handles: Red polyurethane resistant to oils, grease and other chemical agents.

Performance: The tool comes with a double bar with hooking bracket and nuts.
 In addition to the standard length of the U rods, a variety of other lengths are given on page 55.

Therefore, when ordering, indicate:

T4 = Tool with Standard Double Threaded Rod and hooking bracket

T40 = Tool without double Threaded rod, **which is to be ordered separately** (see page 55)

Features and applications: The tools of this series ensure a perfect closing of lids.

The support base is perpendicular to the force line of action.

In the closed position, the control lever is perpendicular to the support base.

A special grease is placed between two contacting surfaces during assembly.
