

WRD 3-85/2 - 85.000 1/min, rotary valve

The angle head of this machine is very small. Carrying out good work in very inaccessible places is now much easier. Another advantage: the drive is in the angle head. This means that gears are not required, meaning less weight and no wear.

Technical Data

Order number 150100315
Power [W] 100
Air consumption [l/min] 170
Vibrations [m/s^2] < 2,5
Revolutions per minute [min^{-1}] 85.000
Valve Rotary valve
Engine type Vane
Exhaust air direction Backwards
Front bearing set Paired
Noise level [db (A)] 74
Weight [g] 260
Max. tool shank \varnothing [mm] 3
Fitting hose unit 001366595
