

FLV 1-20 small filer

Extremely low vibration machine. Designed for fine polishing in mold making. High stroke rate combined with short stroke length allow controlled machining of the surface. This reduces the probability of damaging the mold. The machine is also suitable for very fine deburring operations.

Technical Data

Order number 150322780
Power [W] 80
Air consumption [l/min] 80
Engine type Reciprocating
Exhaust air direction Backwards
Noise level [db (A)] 63
Weight [g] 260
Max. tool shank Ø [mm] 3
No. of strokes [min⁻¹] 17.000
Stroke length [mm] 0,8
